

In compliance with the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to the construction products (Construction Products Directive - CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product

Lighting columns KAPU
Performance under vehicle impact (passive safety)

High energy absorbing KAPU-HE pole, Annex 1
Installation in pre cast concrete element or cast in-situ foundation or with flange plate.

Non-energy absorbing pole KAPU-NE pole, height 2 – 15 m, class 100, NE, 2.
Installation in pre cast concrete element or cast in-situ foundation.

placed on the market by

Sähkö-Jokinen Oy
Rauhalammintie 13
FI-29600 NOORMARKKU

and produced in the factory Noormarkku, Finland

is submitted by the manufacturer to a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body Inspecta Sertifiointi Oy has performed the initial type-testing for the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of conformity and the performances described in Annex ZA of the standard

EN 40-5:2002

were applied and that the product fulfils all the prescribed requirements.

This certificate was first issued on **2006-11-03** and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly. The validity of the certificate can be checked on the Internet at www.inspecta.fi.
